GOODBOARDS QUALITÄT HALTBARKEIT REGIONALITÄT.

Nach 21 Jahren in der Snowboardbranche habe ich 2010 die Boardmarke goodboards gegründet. Mein Ziel war, in Europa eigene, langlebige Boards zu entwickeln und zu produzieren, damit die Boarder mehr und länger Spaß haben. Ich möchte mit goodboards eine bewusste und ethische Alternative zu herkömmlichen Boards anbieten.

Nach den Snowboards habe ich Wakeboards, Ski und Kiteboards auf den Markt gebracht und die Firma ist organisch gewachsen. Dann ist Corona gekommen. Skigebiete, Geschäfte und Grenzen wurden geschlossen, wodurch meine Winterumsätze um 80% eingebrochen sind. In den Folgejahren musste ich mich von Kiteboards, Ski und Mitarbeitern trennen, um diese schwierige Zeit zu überleben.

Mit viel Leidenschaft und positivem Denken schaue ich optimistisch nach vorne, höre was die Kunden wollen und organisiere über 140 Testtage pro Jahr.

GOODBOARDS QUALITY DURABILITY REGIONALITY.

After 21 years in the snowboard industry, I founded the board brand goodboards in 2010. My aim was to develop and produce my own durable boards in Europe so that boarders can have longer and more fun. With goodboards, I want to offer a conscious and ethical alternative to conventional boards.

After the snowboards, I launched wakeboards, skis and kiteboards onto the market and the company grew organically. Then Corona came along. Ski resorts, shops and borders were closed and my winter sales plummeted by 80%. In the following years, I had to divest myself of kiteboards, skis and employees in order to survive this difficult time with the lowest possible costs.

With a lot of passion and positive thinking, I look ahead optimistically, listen to what the customers want and organise over 140 test days per year.

MAXI – das neue Wakeboard für Jugendliche und leichte Rider

Mit dem MAXI präsentieren wir unsere neue High-Performance-Serie für leichtere Fahrer. Entwickelt in Zusammenarbeit mit Cable-Trainern und Rookies, schließt das MAXI die Lücke zwischen Kinder- und Erwachsenenboards: leicht, schmal, weich – mit Channels und dünner Kante für Air Tricks und Obstacles.

MAXI – the new wakeboard for youngster and lightweight riders

Introducing the MAXI, our high-performance board series designed specifically for lighter riders. Developed in collaboration with cable park coaches and rookies, the MAXI bridges the gap between kids' and adult boards: light, narrow, soft – with channels and thin edges for air tricks and obstacles.
